Ryder Briggs, who died in his early twenties after a long illness.

Early last year, when she became ill, Mrs. Briggs, formerly of Cordwell House, Holmesfield, gave a further £100,000. She died in June.

Friendship

The donation for medical research — set up under the Ryder Briggs Trust — was given to Dr. James Carson, consultant neurologist to United Sheffield Hospitals, and lecturer in neurology at Sheffield University. He benefits personally by £500 under the will, published yesterday.

Among local bequests in the will are: £1,000 to "my daily help," Freda Wilson, if in her service at her death, "for her wonderful friendship and service," and £1,000 to Florence Meaden, if in her service at her death, and £50 to Anne Meaden.

£250 to Rev. Arthur Revill, Vicar of Holmesfield, £50 each to Jean and Gordon Lang, of Woodside Avenue, Holmesfield, and £5,000 to Dorothy A. Pulham.

CHECK ON VACANCIES

Morning Telegraph Reporter

A sub-committee has been set up to investigate the availability of engineering work in the Sheffield and Rotherham districts.

Mr. Harold Ullyatt, Sheffield district secretary for the engineering section of the Amalgamated Union of Engineering and Foundry Workers, said last night his district committee decided on this move because of the spate of rationalisation and redundancies.

The sub-committee will look into reports on overtime working to see where work is available.

Pockets

Mr. Ullyatt said there were some pockets of redundancy and short-time working while in other pockets there was overtime working.

"We have always stated as a committee that we are not opposed to necessary overtime, but we never accept a situation where some are working excessive overtime while others are short of work," he explained.

Officials of the AEF engineering section and the Electrical Trades Union are visiting Brightside Engineering and Foundry Co. on Monday to discuss the possibility of alternative work for 150 men in the Ecclesfield engineering shops who face redundancy on February 29.

Celebrating in style

A Chapeltown, near Sheffield girl, celebrated her 20th birthday by winning two major awards at hairdressing competitions at Bradford last night.

She won the senior challenge trophy, was second on the day style event, and won special prize for gaining the most points in the competitions.

Gipsies accused of health risk

Gipsies and other caravan dwellers who had set up their own little village on land at Brierley Common, near Barnsley, were creating serious health hazards, Coun. H. Smith said at last night's meeting of Brierley Parish Council.

Coun. H. Parnham said legal advice was being taken concerning the local offenders.

INJUNCTION FORBIDS MOSQUE SALE

Morning Telegraph Reporter

Only four days before the sale of a mosque in Industry Road, Sheffield, was due to be completed, a Sheffield court yesterday issued an injunction holding up the sale for a month.

The interim injunction was granted to Bagshawe, Miller and Co., the Sheffield solicitors acting for the Pakistanis who claim the proposed sale infringes Moslem law.

Last night, the trustees who, following a confused public meeting last week expected the sale to go ahead unchecked, said they had heard nothing about the injunction. Mrs. Ali Hedar said on behalf of the trustees that she could not comment until she knew more about the court action.

The hearing of the objections to the sale will be heard on February 29.

Inquest on man adjourned

An inquest on a 51-year-old Harthill man who died after being involved in a road accident at Thurcroft, was opened and adjourned at Rotherham yesterday.

The man, Mr. Arthur Goldthorpe, of Carver Close, Harthill, died at the Rotherham Hospital, Doncaster Gate, on January 21. The inquest was adjourned until February 1.
